Comments From Past Participants

"We visited ranches that have been in the same family for over 100 years. The history is as fascinating as the birding."

"Watching a Mountain Plover performing a mating dance was certainly a highlight."

"Our tour guides were so patient and willing to go out of their way to accommodate us. The hospitality of the entire community was remarkable"

Experts

Sessions will be presented by personnel from the Rocky Mountain Bird Observatory, U.S. Fish and Wildlife Service, Colorado Division of Wildlife and local ranchers. These individuals have been studying the Mountain Plover habitat in the area for several years and have a wealth of knowledge to share.

Where is Karval?

From Colorado Springs take Hwy 94 East to Hwy 71 at Punkin Center South 7 miles to County Road T, follow the black top to town.

Where can I stay?

Accommodations for camping and motor homes can be arranged. Some accommodations with local residents will also be available.
